**FUTURO INFANTIL HISPANO FOSTER FAMILY AGENCY CONTRACT COMPLIANCE
MONITORING REVIEW**

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Futuro Infantil Hispano Foster Family Agency (the FFA) in February 2013. The FFA has one licensed office in the First Supervisorial District and one office in San Bernardino County. The FFA provides services to County of Los Angeles DCFS foster children and youth. According to the FFA's program statement, "The primary purpose of the foster family agency is to achieve the placement agency's overall goals of safety, permanency and well-being. The primary goals of the FFA program are: to ensure children are provided with a safe and healthful living environment; a continuity of care, nurturance and services that will meet their individualized problems, needs and situation; to work with their families to achieve reunification; or to achieve other designated legal permanency plans such as adoption, legal guardianship or a permanent planned living arrangement for children when family reunification is not possible."

At the time of the review, the FFA supervised 293 DCFS placed children in 120 certified foster homes. The placed children's average length of placement was six months, and their average age was seven.

SUMMARY

During OHCMD's review, the interviewed children generally reported: feeling safe at the FFA; having been provided with good care and appropriate services; being comfortable in their environment and treated with respect and dignity. The certified foster parents reported they were supported by the FFA staff in their efforts to provide care, supervision and service delivery to the children placed in their homes.

"To Enrich Lives Through Effective and Caring Services"

The FFA was in full compliance with 8 of 11 sections of our program compliance review: Licensure/Contract Requirements; Certified Foster Homes; Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Discharged Children; and Personnel Records.

OHCMD noted deficiencies in the areas of Facility and Environment, related to allowance logs not being completed in accordance with the County contract; Maintenance of Required Documentation and Service Delivery, related to not providing foster parents with complete copies of the entire Needs and Services Plan (NSP) for placed children and in one home, the certified foster parent's files did not contain a current copy of the NSP; and Personal Needs/Survival and Economic Well-Being, related to certified foster parents not purchasing needed clothing for the foster children at the time of placement, as required.

Of noteworthy mention, in one home the bilingual certified foster parents are in the process of adopting all five foster children placed in their home. All four of the school-aged children, three of which were English speakers only, are now fluent in Spanish along with being able to read and write in Spanish as well. The youngest child has speech problems and the certified foster parents secured two resources to ensure the child's progress. This family reflects the best of foster care by not allowing race, culture, or language to stand in the way of providing a loving adoptive home to children in need.

Also of noteworthy mention, the FFA reduced the number of findings significantly from 18 on their last compliance review to three findings on this compliance review.

Attached are the details of our review.

REVIEW OF REPORT

On April 4, 2013, the DCFS OHCMD Monitor, Thomas Manning, and his manager, Nestor Figueroa, held an Exit Summary with the FFA's representatives, Oma Velasco-Rodriguez, Executive Director, Lily Olan-Gonzalez, Administrator, Teri Amirkhan, MA, Deputy Administrator, and Jose E. Tejeda, FFA Board member. The FFA's representatives agreed with the review findings and recommendations; were receptive to implementing systemic changes to improve their compliance with regulatory standards; and agreed to address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

The FFA provided the attached approved CAP addressing the recommendations noted in this compliance report.

OHCMD will confirm that these recommendations have been implemented during our next monitoring review.

**FUTURO INFANTIL HISPANO FOSTER FAMILY AGENCY
PRELIMINARY CONTRACT COMPLIANCE MONITORING REVIEW
FISCAL YEAR 2012-2013**

SCOPE OF REVIEW

The following report is based on a “point in time” monitoring visit. This compliance report addresses findings noted during the February 2013 review. The purpose of this review was to assess Futuro Infantil Hispano Foster Family Agency (the FFA’s) compliance with the County contract and State regulations and included a review of the FFA’s program statement, as well as administrative internal policies and procedures. The monitoring review covered the following 11 areas:

- Licensure/Contract Requirements,
- Certified Foster Homes,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For purposes of this review, 14 children were selected for the sample. Out-of-Home Care Management Division (OHCMD) interviewed 11 of the 14 children. Two children were not interviewed as they were too young and one child had reunified with her parents prior to our home visit. We reviewed all 14 case files to assess the care and services they received. Additionally, five discharged children’s files were also reviewed to assess the FFA’s compliance with permanency efforts. At the time of the review, seven placed children were prescribed psychotropic medication. We reviewed their case files to assess for timeliness of Psychotropic Medication Authorizations and to confirm the required documentation of psychiatric monitoring.

OHCMD reviewed three certified foster parent files and five staff files were reviewed for compliance with Title 22 Regulations and County contract requirements. Interviews were conducted with all three certified foster parents to assess the quality of care and supervision provided to children.

CONTRACTUAL COMPLIANCE

OHCMD found the following three areas to be out of compliance.

Facility and Environment

- The FFA Social Workers and certified foster parents were not completing allowance logs in accordance with the County contract and the previous Corrective Action Plan (CAP) submitted by the FFA to ensure all foster children were in fact receiving their allowances. The FFA representatives indicated that the FFA will ensure that appropriate comprehensive monetary allowance logs are properly completed and maintained in the children files, and that supervisors will be responsible for review of the allowance logs on a monthly basis.

Recommendation

The FFA's management shall ensure that:

1. All FFA Social Workers and certified foster parents are retrained to ensure children are receiving their allowances.

Maintenance of Required Documentation and Service Delivery

- Three certified foster parents' files did not contain complete copies of the Needs and Services Plan (NSP) for placed children. The FFA representative indicated that the FFA will ensure that certified foster parents files contain the entire NSPs and to prevent future findings in this area. The FFA supervisors will be responsible for conducting compliance checks on a quarterly basis.

It should be noted that a representative from the FFA attended OHCMD NSP training for providers on January 23, 2012 and was made aware of the NSP requirements. Additionally, the reviewed NSPs were developed subsequent to the training.

Recommendation

The FFA's management shall ensure that:

2. All certified foster parents are provided with a complete copy of the entire current NSP for their files.

Personal Needs/Survival and Economic Well-Being

- Three certified foster parents were not purchasing clothing at the time of the initial placement. The certified foster parents' files revealed that clothing for the children was purchased after they received the clothing allowance payment from the FFA which was several weeks after date of placement. In addition, when clothing was purchased certified foster parents were not documenting the purchases on the clothing allowance logs in the children's files or providing receipts to the FFA. The FFA indicated that they would ensure that clothing allowance payments are provided timely, receipts are obtained and clothing

allowance logs are completed properly. To prevent future findings in this area the supervisor will be responsible for reviewing and approving of clothing allowance logs.

Recommendation

The FFA's management shall ensure that:

3. All certified foster parents are retrained in accordance with the County contract and clothing allowance in accordance with program statement.

PRIOR YEAR FOLLOW-UP FROM DCFS OHCMD's FOSTER FAMILY AGENCY CONTRACT COMPLIANCE MONITORING REVIEW

OHCMD'S last compliance report dated January 16, 2013, identified 18 recommendations.

Results

Based on our follow-up, the FFA fully implemented 16 of the previous 18 recommendations for which they were to ensure that:

- The agency is in full compliance with Title 22 Regulations, including submitting an amended program statement, which shall include the AB 12 program. This amended program statement will allow the FFA to provide services to the non-minor dependants.
- All criminal clearance forms are filled out completely and all certified foster parents' applications contain all the necessary criminal clearance documentation prior to certification.
- All certified foster parents have current CPR certification and the documentation placed in their files.
- All placed foster children are progressing toward meeting their NSP goals.
- All initial NSPs are completed timely.
- All updated NSPs are timely.
- The services the FFA obtain and provide increase the foster child's academic performance.
- All foster children's files contain current copies of progress reports or report cards and IEPs.
- All placed foster children are treated with respect and dignity.

FUTURO INFANTIL HISPANO FOSTER FAMILY AGENCY
PAGE 4

- All certified foster parents adhere to the FFA's rewards and discipline policy.
- All certified foster parents allow placed foster children to make and receive private phone calls.
- All certified foster parents participate in activities in the home and community with all placed foster children.
- All certified foster parents allow placed children to participate in age appropriate social activities.
- All certified foster parents allow age-appropriate placed foster children to participate in selecting their clothing.
- All placed foster children who received a monetary allowance are allowed to manage their allowances.
- All certified foster parents encouraged/assist all foster placed children in maintaining a Life Book/Photo Album.

The FFA has submitted an approved corrective action plan to differently address the two findings that were not implemented:

- All certified foster parents keep receipts documenting clothing funds were spent according to the FFA's policy.
- All placed foster children receive their minimum monetary allowance.

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER

A fiscal review of the FFA has not been posted by the Auditor Controller.
